Writer/speaker—Presenting timeless truth for a new generation

Lowell Snow brings a unique blend of practicality, Biblical insight, and spiritual depth to the issues of public prayer. Combining degrees in church music, Bible, and Christian ministry with thirty years of experience as both worship leader and pastor, he knows what works in the local church.

Perhaps just as importantly, he brings to the table a fresh and dynamic view of prayer that will open doors of understanding to many who are trapped by those seven last words of the church; 'we never did it that way before'.

If you're new to leading prayer, you'll enjoy the way he presents basic concepts with interesting experiences and Biblical situations. If you've studied corporate prayer for years, you'll be challenged to see group prayer in new ways.

# PRAYER GUIDE

A Manual for  
Leading Prayer

by Lowell Snow

*Helping you build a*  
**House of Prayer**

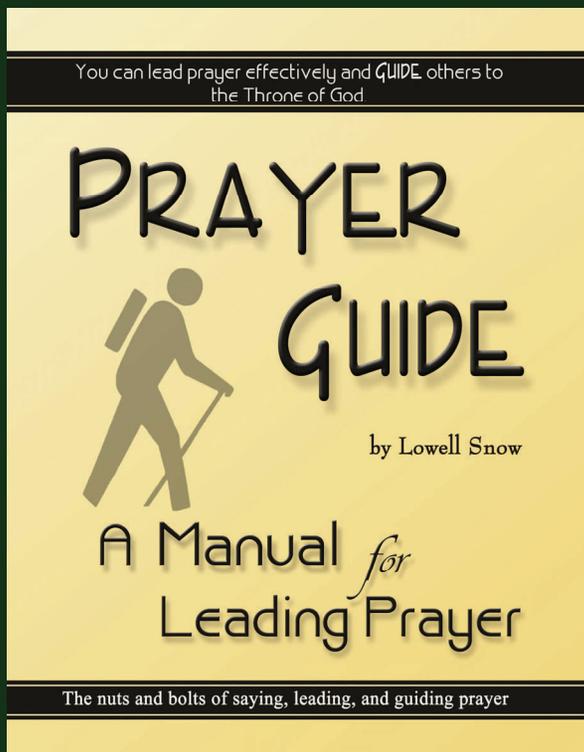

Sometimes you find a book that's so practical and meets a need so well that you find yourself asking, "Why didn't somebody write this a long time ago." PRAYER GUIDE is that kind of book.

A single mother is asked to lead prayer at her child's next soccer game. She finds no help at the local Christian book store. All the prayer books seem to be for people on some other spiritual planet.

A 'twenty something' is asked to lead the prayer time at the next home group meeting. After an hour on the internet, he clicks off, still nervous because everything he's found is either for someone administrating a church prayer ministry or trying to go deeper in personal prayer.

A pastor wants his church to be a house of prayer, but after preaching a sermon series and starting a prayer ministry, he still can't figure out how to energize congregational prayer.

These folks all need PRAYER GUIDE - A Manual for Leading Prayer, the nuts and bolts 'how-to' that the people who actually lead group prayer are searching for. *Prayer Guide* will help the novice say a public prayer with confidence, teach the small group leader how to guide others into the presence of God, and give worship leaders the tools they need for a revival of congregational prayer.

Dear friend,

I know you want your church to be a house of prayer, but like many, you may have found it difficult to achieve. PRAYER GUIDE—A Manual for Leading Prayer is more than sermon material; it's 26 short chapters of nuts-and-bolts 'how to' for saying, leading, and guiding prayer. Here's what it can do for your church:

- ⇒ It will teach young Christians the basics of authentic public prayer.
- ⇒ It will train the folks in leadership positions to guide prayer effectively, transforming the small group prayer times throughout your church.
- ⇒ Finally, and perhaps most importantly, it will give you new tools for guiding effective congregational prayer.

Yours truly, Lowell Snow
